Dear HR,

This letter is to express my interest in the job posted for an experienced, detailed-oriented, front-end web developer.

I am completely a fresher. But I am really good at HTML5, CSS3, Bootstrap, React Js, JavaScript, React Router and many more skills. My portfolio and all of my projects are rushed jobs. But you will get an idea about what I can do. I am able to make responsive and cross browser supported website. I can implement authentication system. I can use external API. I can do a little bit CURD operation too. If you want you can test my skill by giving me a task.
I've attached a copy of my resume detailing my experience, along with links to websites and applications I've had the honor of working on.

I can be reached anytime via my cell phone +8801990025740 or by email at
muhymeennafis@gmail.com.

Thank you for your time and consideration. I look forward to speaking with you about this opportunity.

Best regards,

Nafis Muhymeen Tarek
